Who we are

We are part of international Great Faith Ministries, a Ugandan indigenous Christian based organization founded by **Pastor Paul Gidudu**, serving both the spiritual and the physical needs of orphaned and vulnerable children etc.

Our Home

We serve hundreds every week without discrimination at our Main Base in Busamaga Sub-County in Sironko District just 14km/9 miles north of Mbale town, and 50 High School going youth at our Mbale youth home all in Eastern Uganda.

Children's Choir

We currently have an amazing Children's Choir that travels to different places performing unique cultural music and dances, sharing their life changing stories and testimonies. Each person in the choir has a unique story that will bless, inspire and encourage you.

Performing Locations

We are actively seeking opportunities to sing and share our life changing stories in Churches, Schools, Nursing homes, Neighborhood events, Community centers and any other places we are invited.

Performance Duration

Our full show is one hour but we can perform for any available time given to us, for instance,in schools we are doing 20 to 30 minutes.

We have a number of different items that fit into any given amount of the time.

Choir Size

While we can bring as many as possible, but due to logistical constraints, we have at least 15 members on our traveling choir both children and chaperones/caregivers.

Accommodation / Meals

We request where possible our hosts to help arrange a few homes for the choir to stay and meals but if the situation necessitates it the choir can use air mattress or sleeping bags at any available accomodation.

Donation

We don't charge to perform but we request where possible, donation / love offering to help support our children.

We take Cheques, Cash or Online donations.

Restoring Hope

We are committed to rewriting the stories of orphaned and vulnerable children we serve, providing the much needed love, care & support. We provide a safe environment to enable them to attend school, giving them an opportunity for a better life

Rescue and Serve

We believe all children are equal though conditions such as poverty and loss of a parent always tend to try to redefine a child's life. Working in partnership with the communities, families and the Government of Uganda, we are helping to rescue as many as we can from child labor, child marriage, human trafficking, starvation, and all forms of injustice against children.

Medical Care

Several Children we serve often requires urgent and specialized medical attention. Due to a lack of proper medical facilities and equipment in rural villages of Uganda, many children never receive timely treatment. For instance, Allan faced a life threatening condition that went undetected at birth, leading to years of suffering until he underwent multiple surgeries at the age of 10, thanks to the support from Berakhah friends.

Similary, baby Victorious, diagnosed with a heart condition was saved through generous contributions of our friends that enabled her to undergo life saving surgeries in India.

Sponsorship

Most of the children in our program need sponsorship to help us provide for their Education, Medical, Feeding etc.

We believe provision of a good education is key to securing a better future for the children we serve.

Unfortunately education has become an expensive commodity that many orphaned and children from underprivileged families can't afford.

Through our education sponsorship we seek to empower the children and the youth to become Uganda's future leaders while breaking the cycle of poverty for generations.

Youth Center

We are blessed to have a facility where we house the youth that are not through with school yet but older than those that are allowed to stay in orphanages or children's homes.

Helping them complete their school is the only guarantee for their success when they finally transit out of our programs.

Our youth center provides accommodation, feeding and help for these precious young people to complete their education or trade school while preparing them to transition to starting life on their own.

Widows and Elderly People

We see some major needs in the communities we are privileged to serve, widows and elderly people without anyone caring for them. To help better their lives, we provide clean and safe water, food supplies & medical care.

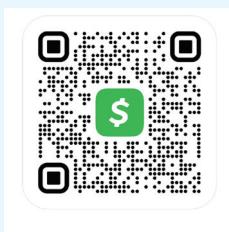

Our Needs

1. Visiting mission teams
2. Volunteers
3. Educational Sponsors
4. Farm land for production of our own food.
5. Construction and completion of the current buildings
6. Catering equipment for our catering classes
7. Vehicles and motorcycles.
8. Sewing Machines.
9. Recreation equipment
10. Computers for Classes
11. Medical equipment for our clinic
12. Classroom Block.

Ways to give

To make your giving experience easier, we use different platforms giving you an opportunity to use a platform you are more comfortable with.

PARTNERS' COMMENTS

We are so thankful for the opportunity to partner with Pastor Gidudu and Berakhah Children's Ministry in the good work that God is doing in Uganda. It is a blessing to know that lives are being eternally changed in Jesus' name through our financial support.

Pastor Jason Jorine

We have been blessed to serve along with Pastor Paul Gidudu for years and Berakhah / IGFM has truly been a blessing to us as a family. We were blessed to host the Berakhah Children's choir in our home and took them to Churches to minister in song and dance which they do with so much passion and their testimonies were so heartfelt. We are excited to see them again.

Benjamin and Sheila Burum, Houston Texas.

Approximately four years ago Candice and I met Pastor Paul Gidudu the senior pastor of the International Great Faith Ministries (IGFM) and Berakhah Orphanage in Uganda. Pastor Paul and the caretakers of the orphanage are heroes. We are all called to serve God. Some choose to ignore that call, however some like Pastor Paul and the caretakers hear the whisper of Christ and choose to follow Him. The world is a better place because of Pastor Paul, his ministries and the Berakhah Orphanage.

Candice and I love and support Pastor Paul and his children.

Candice and Darrel Powell

My time at Berakhah allowed me to see first hand God's work and how He is not only moving through the orphans and vulnerable children but also the impact He is having on the surrounding communities. The kingdom work that Berakhah is doing will have a lasting impact in Uganda. I was blessed to serve alongside the members of this organization and hear the heart that they have for serving those in need. **S B Julie, Rockwall Texas.**

PARTNERS' COMMENTS

It has been a great privilege to be able to sow into such a caring and gracious ministry. The thought that these children are cared for not only physically but emotionally and spiritually as well is a great comfort. The leadership at Berakhah handles each aspect with such integrity and determination that it is a great joy for us to partner with them.

**Matt & Natasha Walker.
Ennis Texas.**

"An Amazing Ministry"

I am always encouraged how the children are being loved and cared for at Berakhah. We know that the support you give will be used in wonderful ways and that Pastor Paul and his team are always giving the children God's love in so many ways. Our church family always feels we are part of Berakhah family. We have been blessed as a church family to visit and experience Uganda first hand to see the different ministries, pastors and churches.

Pastor Glenn & Stacy Hejny, Ennis Texas.

I have known Paul Gidudu for over 16 years. During that time one thing i have never doubted is his love and compassion for widows, orphans, the poor and those marginalised in society. Through the work of Berakhah Paul and his team demonstrate this care with a spirit of excellence. I highly recommend their work to you.

Mark Curtis, Director PFJ Ministries, UK

I haven't been one to support organizations out of the United States in fear of not knowing where my money was actually going or how much of it goes to the given cause. I sensed something different about Berakhah; I saw pictures of children being fed, clothed, going to school, children with smiles, laughing, dancing and playing, rather than starving and saddened. So, I vetted Paul and his organization very well, I'm satisfied. There's many places for my money to go, but none that communicate its impact more to me than Berakhah. I see it in the children's faces!!!

Brian and Jenny Martin, Conroe, TX.
